President's Message

Dear SPWCC Members,

I would like to start off saying a big "THANK YOU" to Lesley Hammar who has served as Sunshine's President for the past 4 years! Thank you for all your hard work and dedication to our club. Thank you also to our board members. We truly appreciate your time and commitment to leading our club.

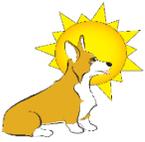

The agility trial in August was very successful under the quality leadership of our agility chair Bonnie Hansen. Thank you also to the Sunshine club members that came for the weekend and volunteered their time to put on a great trial.

Our Sunshine Specialty is Friday, December 17th, at the Orange County Convention Center in Orlando. Gail Steinmetz is our Show Chair and Vince Savioli "Aubrey" is our breeder judge. The host hotel is the Rosen Inn Pointe Orlando. This Specialty is dedicated to our good friend, Rebecca Beard, who we lost in July. Please contact me or Gail if you are able to volunteer that day. Any help would be appreciated!

Thank you to all the club members that have joined our Zoom meetings this year. We are so happy to have such great participation, but we certainly miss seeing everyone "face to face". We are planning an "in person" meeting at the Brooksville Dog Show January 15, 2022. We are the supported entry and Andy Carter and Dianne Connolly are the breeder judges. Please join us that day, bring a chair, and enjoy the dog show!

Please see our website, www.sunshinepwcc.com for all updates, premiums, and information.

Looking forward to seeing many of you at future Sunshine events,
Cindy

From the Editors

Morgan Humphrey & Sir Cedric

As some of you may know, Sir Cedric the Fluffy is certified as a therapy dog under Pet Partners. Usually, we work in assisted living facilities with residents with memory issues. The pandemic really limited our work, but we've finally begun to get back into facilities. However, as tragic as the pandemic was, it increased accessibility in many regards, even opening opportunities to visit in locations we couldn't previously. Recently, we've begun working with an ESE group in public school virtually. Yes, Cedric learned how to Zoom and did therapy work for children in Florida, despite currently living in Texas. Activities change every time we do this work. For example, in our first meeting, we introduced ourselves and our dogs, and had them wave to the kids on Zoom. We then had the dogs do tricks, including classics like "Shake" and "Roll Over". Finally, the children asked us questions about therapy work and dog training. Primarily, we talked about how important the handler-dog relationship is, and how the handlers have to constantly be monitoring and interpreting their dog's needs. Handlers need to recognize potentially stressful situations before they occur and navigate out of them or work with the dog on handling the situation. One of the techniques used to interact with your dog in tense situations is PETS: Presence, Eye Contact, Touch, and Speech. All handlers have to know and understand that we are our animal's best advocate. Incredibly, by using Zoom and other virtual platforms to provide animal-assisted therapy, we can enter more complex and challenging environments without placing additional stressors on the dogs. We are excited to see how this program grows and develops with us, as well as watch new opportunities come to light within the dog world.
